Letter From Sant Sadhu Ram Ji

January 13, 2008

Guru Pyari Sadh Sangat Ji (Beloved Dear Ones of Master),

I am an uneducated, low caste farmer whom my Master made do meditation, and which He got done from me only by His grace. Master has now given me the duty of helping dear ones in getting their meditation done.

Master, Sant Ajaib Singh Ji, also used to say that everything which the dear ones need for answering their questions, improving their lives, and progressing on their Path Godwards, is given in His sayings and hymns. Dear ones need to mold their life according to what is said therein, rather than asking questions.

I have said time and again before, and it was also posted on the net, that dear ones should send letters or ask interview questions only on Simran, and that also should be in brief, just a line or so. But, I am very sorry to say, letters and questions on worldly matters still continue to pour in.

I wish to reiterate that only those letters/questions, which are very brief and only about Simran will be replied, as such, dear ones may please not write letters nor ask interview questions on worldly matters.

The Wiper of Sadh Sangat's Shoes,

Sadhu Ram
